DETAILED ACTION

Claim Rejections - 35 USC § 102

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claims 38, 39 and 46-47 have been rejected under 35 U.S.C. 102(b) as being anticipated by Zimmerman, 3259951. Upon further consideration, Zimmerman discloses the claimed product with a seal. The claim is construed to only be claiming the seal and the product with a seal. The recitation in the preamble and the wherein clause of the claim is considered to only be an intended use recitation of the seal with a slider, i.e., the seal must be capable of use with a slider having a lifting rib and a closure bar. The slider is not considered to be covered within the metes and bounds of claims 38 and 39. Zimmerman discloses the claimed invention as shown in the annotated figures.

Response to Arguments

3. Applicant's arguments filed 6/19/2007 have been fully considered but they are not persuasive. The applicant argues that Zimmerman fails to disclose the lower seal member extending in a direction opposite to the upper seal member. As can be seen in the annotated figures of Zimmerman, both the upper and lower seal members extend in a direction away from the mating surfaces, which are in opposite directions.

Conclusion

4. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
